Sounds good- Brett and I spoke to the WB/DOGGR attorneys this morning and have some more information about the state's intended approach for evaluation of the 11 aquifers HTAE. Happy to have a short meeting or call to discuss, we do have a follow up on a question from the WB regarding partial AE requests so might make sense to connect in the next couple days either way if time allows.

Thanks,

Alexa

I am close to completing a draft letter that I will send to you three for review/comment. Once we've worked it over a bit, I'll plan to forward to Mike and Sylvia to take a look. Mike is planning to call Steve/John on Thursday to walk them through the letter.

Thanks,
David
